BIOGRAPHY

KATRINA KING

General Manager, Capital Solutions

Katrina has more than 25 years' experience in financial services and is responsible for leading QIC's product innovation and development. Katrina works with our investment teams to drive our research and thought leadership program, as well as developing product innovation across our capabilities. She has responsibility for the product and corporate information teams and oversees all of QIC's product development and governance.

Katrina previously held several roles in QIC's Global Liquid Markets Group. Most recent as Head of Research and Strategy where she led a team responsible for the outlook on various credit, rates, inflation and currency markets.

Prior to joining QIC in 2006, Katrina worked for JPMorgan. She started in Australia and moved to JPMorgan in New York, Tokyo and London in various roles in product development, research, structured credit and syndication.

Katrina holds a Bachelor of Commerce (Hons), Bachelor of Law (Hons) and a Master of Business Administration from the University of Queensland.
