BIOGRAPHY

CATHRINE DE CONINCK-LOPEZ

Global Head of ESG, Invesco

Based in the UK, Cathrine is Global Head of ESG for Invesco with responsibility for enabling and leading best practices in ESG capabilities across Invesco including ESG integration, research, voting and engagement, supporting the distribution team with client engagement, and advising the product teams on ESG innovation. Cathrine leads a team of ESG professionals located across EMEA, US and Asia.

Cathrine took on global responsibility for Invesco's ESG practice in September 2019. Prior to this role, Cathrine spent two years as Head of ESG for Invesco's Henley Investment Centre. Cathrine started her career at Columbia Threadneedle Investments in 2008 as a responsible investment analyst and has experience across the responsible investment spectrum of ESG integration to specific fund strategies. Cathrine is a non-executive board member of the UK Sustainable Investment and Finance Association (UKSIF) and a member of the UK Investment Association Stewardship Committee.

Cathrine holds an MBA from London Business School, a MSc in Water Science, Policy and Management from Oxford University and a BSc in Environmental Science from Nottingham University. Cathrine also holds the Investment Management Certificate from the CFA Society of the UK
